- As promised I am forwarding you a map of this area. I assume you will be coming from Calais where you will have to take the motorway to Dunkirk and from there on the motorway to Lille. You then have to leave that motorway at Steenvoorde (on the left on the map) and from there on you drive to Poperinge (the road is indicated in a red line with number 333 on it) You will end up at the ring around Poperinge (indicated with a red and white line): turn right and follow the ring until you reach the traffic lights. Turn right onto the N38 (a 4 lane road leading to Ieper, indicated in red and white as well). Continue to drive on this road until you reach the village of Poelkapelle. The distance is about 23 km. The road will narrow down to a 2 lane road just before the village of Sint-Juliaan (from there on it is indicated in a yellow line going North-East). The next village then is Poelkapelle. At the roundabout you will see a yellow signpost (on the right hand side) of Varlet Farm. Just follow the signposts then. At some point you will drive past a yellow sign which indicates that you are entering the territory of Passendale. This doesn't mean that you are going the wrong direction. Just keep on going : our farm is about 300m past that sign. We are at 2,2 km from the centre of the village of Poelkapelle.
